Subject Index to Volume 204 (July–December 1986)

A

A23187, and pepsinogen secretion, 559
Abdominal infections, in pancreas transplant recipients (*Letters*), 726
Abdominal pain, in AIDS, 619
Abdominal wound closure, polybutester sutures in, 193
Abdominoperineal resection, compared to sphincter-saving procedure, in rectal carcinoma, 480
N-Acetyl-cysteine, and gastric mucosal injury, 698
Acetylsalicylic acid, and motility of sphincter of Oddi, 53
AIDS, abdominal pain in, 619
Alcohol, gastric injury from, mucus thickness affecting, 698
Allopurinol, and spinal cord blood flow after aortic cross-clamping, 38
Amino acid infusions
  and metabolism in sepsis (*Letters*), 615
  muscle responses to, 513
cAMP analog, and pepsinogen secretion, 559
Amylase levels, peritoneal lavage affecting, 122
Analgesics, and motility of sphincter of Oddi, 53
Anastomoses, testing of (*Letters*), 102
Anesthesia, hypothermic, and postoperative proteolysis, 419
Aneurysms, embolomycotic, 300
Angiography
  emergency, in colonic bleeding, 530
  panendoscopy with, in penetrating wounds of neck, 21
Animal studies
  analgesics affecting motility of sphincter of Oddi, 53
  auxiliary partial liver transplantation, 552
  dual modulation of pepsinogen secretion, 559
  fetal allograft survival, 402
  hepatocyte transplantation and extracorporeal liver support, 259
  infections affecting metabolism in burns, 48
  insulin secretion after pancreas autotransplantation, 585
  lead poisoning from retained missiles, 594
  lipid types in diet after burns, 1
  mucus thickness in prevention of gastric mucosal injury, 698
  muscle responses to amino acid infusions, 513
  paraplegia prevention after aortic cross-clamping, 38
  phosphorus NMR studies of intestinal ischemia, 83
  postoperative proteolysis after hypothermic anesthesia, 419
  PTFE-silicone graft for hemodialysis, 574
  resuscitation from hemorrhagic shock, 686
  stapled bladder closures, 186
  transfusions affecting macrophage–lymphocyte interactions, 681
Anorectal carcinoma, low anterior resection in, 133
Antibiotics
  and boot therapy for diabetic neuropathic feet, 643
  prophylactic, and postcholecystectomy infection, 650
Aorta
  middle aortic syndrome, 331
  thoracic, cross-clamping of, and prevention of paraplegia, 38
Atherosclerosis, endothelial cell antigen system in (*Letters*), 616

B

Bacteria, in burn wounds, metabolic effects of, 48
Bile vomiting, and enterogastric reflux, 537
Biliary tract
  effects of preoperative transhepatic drainage (*Letters*), 614
  pancreatic-duct reflux in gallstone pancreatitis, 59
  pressures in, analgesics affecting, 53
  wound infection after cholecystectomy, 650
Biopsies
  breast
    and artifacts from electrocautery (*Letters*), 612
    Tru-cut needle in (*Letters*), 616
  endomyocardial, in cardiac transplant recipients (*Letters*), 725
Bladder, stapled closures of, 186
Blood flow
  in forefoot, after arterial surgery, 176
  spinal cord, in cross-clamping of thoracic aorta, 38
Blood transfusions
  donor specific protocol for, in kidney transplantation, 315
  and macrophage–lymphocyte interactions, 681
Book reviews, 98, 606, 719
Boot therapy, antibiotics with, for diabetic neuropathic feet, 643
Breast cancer
  distribution of lesions in, 384
  and electrocautery artifacts in biopsy specimens (*Letters*), 612
  frozen section diagnosis from Tru-cut needle biopsies (*Letters*), 616
  stereotaxic localization of occult lesions in, 580
  treatment without mastectomy, 136
Bronchoscopy, arteriography with, in penetrating wounds of neck, 21
Burns
  and lipid types in diet, 1
  metabolic effects of bacteria in, 48
  prompt eschar excision in, 272

C

Cachexia in cancer
  energy expenditure in, 628
  oxidation of body fuel stores in, 637
Calcium
  ionophore affecting pepsinogen secretion, 559
  serum levels in critically ill patients (*Letters*), 727
Carbachol, and pepsinogen secretion, 559
Carbohydrate oxidation, in cancer patients, 637
Carcinoma. *See specific anatomic sites of carcinoma*
Carotid artery stenosis
  Doppler velocity metering systems in, 32
  surgery compared to nonoperative treatment in
    in asymptomatic disease, 163
    in symptomatic disease, 154
Catheterization, subclavian vein, and positioning of catheter tip, 673
Cervicofacial fascia, anatomy of, 705
Childhood, and intracardiac extension of Wilms' tumor, 693
Cholecystectomy, wound infection after, 650
Cholecystokinin levels, in chronic pancreatitis, 430
Cholecystokin-octapeptide, and pepsinogen secretion, 559
Coagulation disorders, in auxiliary liver transplantation in pigs, 552
Colitis, ulcerative, ileal pouch–anal anastomosis in, 375
Colloid resuscitation, in hemorrhagic shock, 686

Colon
diverticulitis of, computed tomography in, 128
familial polyposis of, desmoid tumors with, 94
perforation in renal transplant recipients (*Letters*), 724
Colorectal cancer, polyamine levels and ornithine decarboxylase activity in, 89
Computed tomography, in colonic diverticulitis, 128
Crystalloid resuscitation, in hemorrhagic shock, 686
Cystic fibrosis, and talc poudrage in pneumothorax, 677

D

Dialysis, PTFE-silicone graft for, 574
Decompression, gastrointestinal, and elimination of postoperative nasogastric tubes (*Letters*), 102
Desmoid tumors, in familial polyposis coli, 94
Dextran-40 infusions, in hemorrhagic shock, 686
Diabetes mellitus, antibiotics and boot therapy for neuropathic feet in, 643
Diverticula, duodenal, pancreaticobiliary disease with (*Letters*), 101
Diverticulitis, colonic, computed tomography in, 128
Duodenojejunostomy, in pancreaticobiliary disease with duodenal diverticula (*Letters*), 101
Duodenum
motility affected by analgesics, 53
in pylorus-preserving pancreatoduodenectomy, 655
ulcers of, proximal gastric vagotomy in, 108

E

Electrocardiogram, and placement of subclavian vein catheter tip, 673
Electrocautery, and artifacts in breast biopsy specimens (*Letters*), 612
Electromyography of sphincter of Oddi, analgesics affecting, 53
Embolism, mycotic, and aneurysms, 300
Endocarditis, bacterial, and mycotic aneurysms, 300
Endoscopy
arteriography with, in penetrating wounds of neck, 21
percutaneous gastrostomy, 543
Endothelial cell antigen system, in atherosclerosis (*Letters*), 616
Esophagogastrostomy, gastric functions after, 114
Esophagoscopy, arteriography with, in penetrating wounds of neck, 21
Esophagus
atresia with tracheoesophageal fistula, 446
cancer of, staging for surgery in, 391
gastroesophageal reflux, Nissen fundoplication in, 9
variceal bleeding. *See* Varices, esophageal

F

Face and neck, fasciae of, 705
Fasciae of face and neck, 705
Fat oxidation, in cancer patients, 637
Fatty acid metabolism, in pancreatitis, 665
Femoropopliteal bypass, saphenous vein compared to PTFE in (*Letters*), 613
Fetal allograft survival, 402
Flunarizine, and spinal cord blood flow after aortic cross-clamping, 38
Foot, neuropathic, in diabetes, antibiotics and boot therapy in, 643
Forskolin, and pepsinogen secretion, 559

G

Gallbladder, postcholecystectomy infections, 650
Gallstone pancreatitis, and pancreatic-duct reflux, 59
Gastrinoma, resection in Zollinger-Ellison syndrome, 468
Gastroesophageal reflux, Nissen fundoplication in, 9
Gastrointestinal tract
anorectal carcinoma, low anterior resection in, 133
diverticulitis of colon, computed tomography of, 128
elimination of postoperative nasogastric decompression (*Letters*), 102
emergency angiography in colonic bleeding, 530
enterogastric reflux and bile vomiting, 537
familial polyposis of colon, desmoid tumors with, 94
hormones in chronic pancreatitis, 430
ileal pouch–anal anastomosis, 375
ischemia studies with phosphorus NMR, 83
motility affecting by analgesics, 53
perforation of colon in renal transplant recipients (*Letters*), 724
polyamine levels and ornithine decarboxylase activity in colorectal cancer, 89
proctocolectomy affecting sexual function in women, 624
pylorus-preserving pancreatoduodenectomy, 655
Gastrostomy, percutaneous endoscopic, 543
Glucose
metabolism in pancreatitis, 665
tolerance test after pancreas autotransplantation, 585
Growth factors, platelet, affecting wound repair, 322

H

Heart
bacterial endocarditis and mycotic emboli, 300
changes after bilateral upper dorsal sympathectomy, 715
results of tetralogy of Fallot corrections, 490
transplantation of, 308
and endomyocardial biopsy findings (*Letters*), 725
Wilms' tumor extension into, 693
Hemodialysis, PTFE-silicone graft for, 574
Hemorrhagic shock, resuscitation from, 686
Histamine, and pepsinogen secretion, 559
Hypercalcemia, in critically ill patients (*Letters*), 727
Hypertension, portal
in schistosomiasis, 148
distal splenorenal shunt in, 566
segmental, 72
Hypothermic anesthesia, and postoperative proteolysis, 419

I

Ileoanal anastomosis, 375
in proctocolectomy, and sexual function in women, 624

Immune deficiency disease, abdominal pain in, 619
Immunology, and endothelial cell antigen system in atherosclerosis (*Letters*), 616
Infections
  abdominal, in pancreas transplant recipients (*Letters*), 726
  and amino acid infusions for septic patients (*Letters*), 615
  aneurysms with bacterial endocarditis, 300
  antibiotics and boot therapy for diabetic neuropathic feet, 643
  and host defense in trauma, 282
  intraoral, and anatomy of cervicofacial fasciae, 705
  and metabolism in burns, 48
  postcholecystectomy, 650
  thrombocytopenia after peritonitis, 341
Insulin secretion, after pancreas autotransplantation, 585
Isoproterenol, and pepsinogen secretion, 559

K

Kidney transplantation
  and colon perforation in recipients (*Letters*), 724
  and donor-specific transfusions, 315
  outcome in children, 246
  and pediatric donors for adult recipients, 172
Kock pouch construction, and sexual function in women, 624

L

Laminectomy, and spinal cord blood flow after aortic cross-clamping, 38
Laryngoscopy, arteriography with, in penetrating wounds of neck, 21
Lavage, peritoneal, in acute pancreatitis, 122
Lead poisoning, from retained missiles, 594
Letters to the editor, 101, 612, 724
Lipid types, dietary, for burn patients, 1
Liver
  hepatocyte transplantation and extracorporeal support system, 259
  transplantation of
    auxiliary partial transplant in pigs, 552
    survival from, 364
  trauma management, 438
  tumors of, operative ultrasound in, 600
Ludwig's angina, and anatomy of cervicofacial fasciae, 705
Lumpectomy-radiotherapy, in breast cancer, 136
Lung, talc poudrage for pneumothorax in cystic fibrosis, 677
Lyell's disease, management without corticosteroids, 503
Lymphocyte interactions with macrophages, affected by transfusions, 681

M

Macrophage interactions with lymphocytes, affected by transfusions, 681
Magnetic resonance spectroscopy, in intestinal ischemia, 83
Massachusetts General Hospital, history of, 205
Melanoma
  distant metastasis of, surgery in, 181
  monoclonal antibody imaging of, 223
Meperidine, and motility of sphincter of Oddi, 53
Metabolism
  and energy expenditure in cancer patients, 628
  of glucose and urea, in pancreatitis, 665
  and oxidation of body fuel stores in cancer patients, 637
Metamizol, and motility of sphincter of Oddi, 53
Monoclonal antibody studies of melanoma, 223
Morphine, and motility of sphincter of Oddi, 53
Muscle
  proteolysis after hypothermic anesthesia, 419
  responses to amino acid infusions, 513
Mycotic embolism, and aneurysms, 300

N

Nasogastric decompression, postoperative (*Letters*), 102
Neck
  fasciae of, 705
  penetrating wounds of, panendoscopy with arteriography in, 21
Necrolysis, toxic epidermal, management without corticosteroids, 503
Neuropathic foot in diabetes, antibiotics and boot therapy in, 643
Neurotensin levels, in chronic pancreatitis, 430
Nissen fundoplication, in gastroesophageal reflux, 9
Nuclear magnetic resonance studies, of intestinal ischemia, 83
Nutrition
  amino acid infusions in
    and metabolism in sepsis (*Letters*), 615
    muscle responses to, 513
  effects of glucose infusions in pancreatitis, 665
  and energy expenditure in cancer patients, 628
  lipid types in diet after burns, 1
  and oxidation of body fuel stores in cancer patients, 637
  in percutaneous endoscopic gastroscopy, 543
  total parenteral, acute discontinuation of, 524

O

Ornithine decarboxylase activity, in colorectal neoplasia, 89
Osteomyelitis, in diabetes, treatment of, 643
Oxidation of body fuel stores, in cancer patients, 637
Oxygenation, extracorporeal membrane, in neonatal respiratory failure, 236

P

Pain, abdominal, in AIDS, 619
Pancreas
  cancer of, metastases of, 65
  resection with pyloric and gastric preservation, 411
  segmental autotransplantation of, and insulin secretion, 585
  splenopancreatic disconnection with distal splenorenal shunt, 346
  transplantation of, and intra-abdominal infections (*Letters*), 726
Pancreatic-duct reflux, and gallstone pancreatitis, 59
Pancreatic polypeptide levels, in chronic pancreatitis, 430

Pancreaticobiliary disease with duodenal diverticula, duodenojejunostomy in (*Letters*), 101
Pancreatitis
  acute, peritoneal lavage in, 122
  chronic, gastrointestinal hormones in, 430
  severe, glucose and urea metabolism in, 665
Pancreatoduodenectomy, pylorus-preserving, 655
Papaverine, intrathecal, and spinal cord blood flow, 38
Paraplegia, prevention in cross-clamping of thoracic aorta, 38
Pentazocin, and motility of sphincter of Oddi, 53
Pepsinogen secretion, dual modulation of, 559
Peritoneal lavage, in acute pancreatitis, 122
Peritonitis, thrombocytopenia after, 341
Platelets
  growth factors affecting wound repair, 322
  thrombocytopenia after peritonitis, 341
Plumbism, from retained missiles, 594
Pneumothorax, in cystic fibrosis, talc poudrage in, 677
Polyamine levels, in colorectal neoplasia, 89
Polybutester sutures, for abdominal wound closure, 193
Polyposis coli, familial
  desmoid tumors in, 94
  ileal pouch–anal anastomosis in, 375
Portacaval H-grafts, diameters of, 356
Poudrage, talc, in pneumothorax with cystic fibrosis, 677
Pregnancy, after proctocolectomy, 624
Presidential Address, 205
Proctocolectomy, and sexual function in women, 624
Prostaglandin, and gastric mucosal injury, 698
Proteolysis, postoperative, after hypothermic anesthesia, 419
PTFE
  in femoropopliteal bypass, compared to saphenous vein (*Letters*), 613
  portacaval H-grafts, diameters of, 356
  silicone graft for hemodialysis, 574
Pylorus preservation in pancreatoduodenectomy, 655

R

Radiotherapy and lumpectomy, in breast cancer, 136
Rectal cancer
  comparison of abdominoperineal and sphincter-saving resections in, 480
  low anterior resection in, 133
Reflux
  enterogastric, and bile vomiting, 537
  gastroesophageal, Nissen fundoplication in, 9
  pancreatic-duct, and gallstone pancreatitis, 59
Respiratory failure, neonatal, extracorporeal membrane oxygenation in, 236
Revascularization procedures, in middle aortic syndrome, 331

S

Saline infusions, in hemorrhagic shock, 686
Saphenous vein grafts, compared to PTFE, for bypass procedures (*Letters*), 613
Schistosomiasis, portal hypertension in, 148
  distal splenorenal shunt in, 566
Sclerotherapy in esophageal varices, and follow-up of patients, 78
Sexual function, in women after proctocolectomy, 624
Shock, hemorrhagic, resuscitation from, 686
Sphincter-saving resection, compared to abdominoperineal procedure, in rectal carcinoma, 480
Spinal cord blood flow, in cross-clamping of thoracic aorta, 38
Splenic vein obstruction, and segmental portal hypertension, 72
Splenopancreatic disconnection, with distal splenorenal shunt, 346
Splenorenal shunt, distal, in schistosomal portal hypertension, 566
Stapling, bladder closure with, 186
Stevens–Johnson syndrome, management without corticosteroids, 503
Stomach
  cancer survival in Sweden, 546
  early resection of carcinoma, 103
  function after esophagogastrostomy, 114
  function after pylorus-preserving pancreatoduodenectomy, 655
  mucus thickness in prevention of gastric mucosal injury, 698
  vagotomy, proximal, 108
Subclavian vein catheter placement, and monitoring with electrocardiogram, 673
Sulfhydryl compounds, and gastric protective effects of prostaglandins, 698
Superoxide dismutase, and spinal cord blood flow after aortic cross-clamping, 38
Sutures, polybutester, for abdominal wound closure, 193
Sympathectomy, bilateral upper dorsal, cardiac effects of, 715

T

Talc poudrage, in pneumothorax with cystic fibrosis, 677
Tetralogy of Fallot, results of corrective surgery in, 490
Thrombocytopenia, after peritonitis, 341
Tracheoesophageal fistula, and esophageal atresia, 446
Tramadol, and motility of sphincter of Oddi, 53
Transfusions
  donor specific protocol for, in kidney transplantation, 315
  and macrophage–lymphocyte interactions, 681
Transplantation
  cardiac, 308
    and endomyocardial biopsy findings (*Letters*), 725
  and fetal allograft survival, 401
  hepatocyte, and extracorporeal liver support, 259
  kidney
    and colon perforation in recipients (*Letters*), 724
    and donor-specific transfusions, 315
    outcome in children, 246
    and pediatric donors for adult recipients, 172
  liver
    auxiliary partial, in pigs, 552
    survival in, 364
  pancreas, and intra-abdominal infections (*Letters*), 726
Trauma
  host defense in, 282
  of liver, management of, 438

U

Ulcer disease
  duodenal, proximal gastric vagotomy in, 108
  enterogastric reflux after surgery in, 537
  results of surgery in, 454
Ultrasonography
  Doppler velocity metering systems in carotid artery disease, 32
  operative, in liver tumors, 600
Urea metabolism, in pancreatitis, 665

V

Vagotomy, proximal gastric, 108
Varices, esophageal
  distal splenorenal shunt in
    in schistosomal portal hypertension, 566
    with splenopancreatic disconnection, 346
  and follow-up after sclerotherapy, 78
  portacaval H-graft diameters in, 356
  in schistosomiasis, 148, 566
Vasculature
  blood flow in forefoot after arterial surgery, 176
  Doppler velocity metering systems in carotid artery disease, 32
  endothelial cell antigen system in atherosclerosis (*Letters*), 616
  middle aortic syndrome, 331
  splenic vein obstruction and segmental portal hypertension, 72
Venous pressure, central, and positioning of subclavian vein catheters, 673

W

Weight loss, in cancer patients
  energy expenditure in, 628
  oxidation of body fuel stores in, 637
Wilms' tumor, intracardiac extension of, 693
Wound repair, platelet growth factors affecting, 322

Z

Zollinger–Ellison syndrome, gastrinoma resection in, 468
